

**FATHER LAMBING TO
FACE BISHOP ON THE
CHARGES OF PRIEST**

Religious Suit is Begun as
Result of Alleged
Desecration.

EVERSON RECTOR IS PROSECUTOR

Rev. Ostrowski Takes Ferguson
Case Up to Bishop Canevin After It
is Dismissed by Judge; Complaint
to Apostolic Delegate Will Be Made.

Rev. M. A. Lambing, rector of the Church of St. John the Baptist at Scottsdale and one of the best known Catholic priests in Western Pennsylvania, has been made the defendant in a suit before the Bishop's Court in Pittsburgh as the result of his participation in the removal of the body of Peter Sweeney from the St. Joseph's cemetery at Everson. Charges of grave desecration brought before Justice D. M. Hickey of Uniontown against Underaker William Ferguson as grounds, but the case is not settled. Rev. L. Ostrowski, rector of St. Joseph's Roman Catholic Church at Everson, has taken the matter up to the church authorities. His suit was brought before Bishop J. R. Kane of the Pittsburgh diocese.

In addition to the suit against Reverend Lambing before the bishop of the diocese, Reverend Ostrowski has announced that the contempt shown by Rev. M. A. Lambing to our Polish national feeling will be reported to the apostolic delegate at Washington through the Apostolic of Polish Roman Catholic Priests in the United States.

Rev. Ostrowski contends that, by authority given him by Bishop Canevin when he assumed charge of the parish church, he is given absolute charge of the affairs of the congregation including the conduct of St. Joseph's cemetery and that his authority is derived from the same source as that of Father Lambing for his parish. He contends that no one is permitted to enter the cemetery without his approval. The cemetery has its own man to look after it, the Everson priest states, and an undertaker has no right to have other assistance without permission from the priest.

The charges against Reverend Lambing include those of interference in the affairs of the St. Joseph's congregation, and participation in grave desecration.

The trouble between the two churches began with the removal of the body of Peter Sweeney from St. Joseph's cemetery at Everson, to the St. John's cemetery at Scottsdale. It was said that Sweeney had been buried in unmarked ground because Rev. Ostrowski claimed him as a child. Members of the family wished the body removed and to this end St. Joseph's cemetery authorities and pastor William Ferguson of Scottsdale were employed. He obtained the state license required, and Rev. Lambing, placed at the ceremony attending the removal of the body and its interment in the St. John's cemetery where it now reposes beside the dead man's wife.

Before Sister Brier at Uniontown yesterday it was brought out that the removal of the body did not take place at 3 o'clock in the morning as alleged in the information by Ferguson, but took place at 11 A. M. In the presence of a number of spectators and not by stealth, as had been intimated. Sister Brier dismissed the charges.

Reverend Ostrowski cannot call our congregation foreign because we have no jurisdiction from the Bishop of Pittsburgh, the most part of our congregation are proud of being citizens of the United States and its pastor is a loyal citizen to the banner of the stars and stripes. We claim also to be good Catholics as the sons of St. John.

Rev. Lambing is one of the most widely known priests in Pennsylvania. He has long lived at Scottsdale for many years.

Efforts to obtain a statement from Father Lambing failed because the St. John's priest is in Pittsburgh today discussing the matter, a friend of his said.

This proceeding will hardly be a surprise. Father Lambing has defied no law civil or ecclesiastical. A priest in Western Pennsylvania has a better knowledge of church affairs than he has and those who know him are convinced that any action he has taken in this matter has been well within the bounds of his authority.

Reverend Cavanaugh is 73. Rev. P. T. Cavanaugh of Pittsburgh celebrated his 73rd birthday Thursday night in the presence of 52 of his friends. Rev. Cavanaugh has been in the ministry for 50 years and is well known here.

**U. S. HOSPITAL SHIP SENT
TO MEXICO; NEEDED THERE**

Medical Service Lacking and Wounded
Soldiers and Civilians Face
Neglect.

WASHINGTON, Dec. 19.—The hospital ship Solace has been ordered to proceed to Vera Cruz, on board are facilities and equipment for caring for 1,000 sick and wounded persons.

With the increase of the fighting force in Mexico and the greater danger to foreign residents, the need for more hospital facilities is imperative, and the administration officials are alive to the fact. The safety of foreigners is troubling the administration seriously. Zapata, one of the most blood-thirsty of the Mexican bandits, is encamped in the very heart of the Mexican City and the Constitutionalists are expected to make an attack at any time.

Rapid changes may be expected soon and no matter what happens the Americans will be imperiled. The Solace will materially assist Admiral Fletcher in caring for the wounded. The transport Sumner is also less than a day's distance away and with her assistance all will be taken care of.

The financial depression is said to have alienated many of Huerta's most stalwart supporters and the loyalty of many of his troops is now a matter of doubt.

The administration's original policy will be followed out and officials are now confident that it will win out in the end.

MEXICO CITY, Dec. 19.—A determined run on the Bank of England and Mexico, the biggest banking institution in Mexico, has increased the feeling of alarm in the capital. Money conditions are worse than ever before in history.

Further details of the plot's early life were presented today by the defense in an effort to prove him irrational.

Riot at Football Game.
Unsub Frenzies Follows Gridiron Con-
test at Uniontown.

Special to The Courier.
UNIONTOWN, Dec. 19.—The usual riot occurred during yesterday's game between the all star teams of Uniontown and Brownsville, both the play-ers and spectators being involved.

A number of the spectators who came up from Brownsville were roughly handled. The police followed their customary policy and failed to find anyone to arrest.

Uniontown won last Saturday's game against Connellsville so there was no occasion for the rough stuff. On the other hand, Brownsville came out ahead, 18 to 9, so the Uniontown fans had to find something to beat their selected visiting spectators.

Although the game was not under the auspices of the school authorities, the outcome was the same.

By United Press.
MADISON, Wis., Dec. 19.—The parcel post has eaten into the very vitals of the express companies, according to a report of the State Tax Commission made public today. Their net earnings have decreased and representatives admit that the parcel post competition and the school opening expenses have caused it.

According to the statements of the American Express Company for 1912 and 1913, its receipts fell off from \$1,712,000 to \$912,000, while the Wells-Fargo Company's business decreased from \$2,343,000 to \$2,016,000 in 1912.

**B. & O. TO CALL IN FAMILY
PASSES, OFFICIAL PREDICTS**

Visitor Here Also Intimates that
Clergymen Will Be Required to
Pay Full Fare.

That the Baltimore & Ohio railroad will follow the example of other railroads in the state and withdraw the passes to families of employees, as well as charge full fare to members of the clergy, was the prediction of an official who visited the section recently. He says there is nothing else for the railroads to do, under the law as it now stands, as it distinctly prohibits such free transportation and provides a severe penalty.

For a long time reports to this effect have been current, but this is the first time that anyone in authority would admit that the Baltimore & Ohio would refuse the passes after January 1.

The order from general headquarters at Baltimore has not gone out yet, but as one railroad man put it, "Probably the holiday is for a Christmas present."

POLICE TO AID

Mayor Directs Them to Make Inspec-
tion for State Commissioners.

At the suggestion of John Price, Jackson commissioner of the State Department of Labor, Mayor Rockwell Marietta has ordered the police to make an investigation to ascertain if the state law prohibiting persons from standing in the aisles, vacant places and stairways of theatres and other amusement places, is being enforced.

The commissioner states that if it is found that the provisions of the act are being violated, he will upon notice, send an inspector here immediately. This officer has authority to proceed to take the seats to which the patrons are entitled and exact the penalty from them if they are proven guilty.

Local theatres are careful in this respect, it being only on rare occasions that persons are allowed in the aisles and often it is because they refuse to take the seats to which the patrons are entitled.

The commissioner, however, points out that it is a matter of life and death to keep the exits clear, so that there may be no impediment encountered in getting out of the building in case of fire.

**WEST SIDE PAVING
NEARLY COMPLETE;
WAIT FOR BRICKS**

Contractor Duggan Expects
to Finish Contract in
Few Days.

WORK WAS STARTED IN OCTOBER

Contracts on Morrell, Veech, Meason
and Seventh Streets Well Under
Way in Spite of Frequent Interrup-
tions Owing to Shortage of Material.

Paving work on the West Side being done by John Duggan for the Pittsburgh & Lake Erie railroad as a part of the company's agreement with the borough in exchange for its franchise rights when the Western Maryland line was constructed, is rapidly nearing completion and the last of it will be done within the next week or so.

Since October the work of paving Morrell, Veech, Meason and Seventh streets has been interrupted several times by the delay in getting brick. The work could only be carried on two or three days every two weeks. A delay in getting the brick has caused the disagreement of the property owners as to the grade. The work was only partly completed when a delay of three weeks was caused by the failure of brick to arrive. Seventh street was completed some time ago and Meason street will be completed today.

The paving of Veech street was interrupted by the paving of Morrell avenue, the contract with council being completed before the Veech street work was carried on. Veech street has been paved from Main street as far as the bridge over 'Possum run. There is but one car load of brick on hand at the present time and until more arrives the city cannot be reached.

Contractor Duggan says that when the bricks arrive it will take but three days to lay them and if there is no more trouble the street will be in use in a week.

FOR LITERARY SOCIETY

Junior Class at High School Or-
ganizes Own Answer in View.

Much interest in literary societies is being manifested at the High School this year. One society has already been formed and it is likely that another will be organized. This is the first time that any enthusiasm has been shown since Principal Coughlin left two years ago.

Miss Slout's Junior English classes, sections C and D, have organized the Eureka Literary Society. The members will meet every first and third Friday of each month and will debate. The first meeting will be held on Friday, January 3, at 7:30 P. M. The subject of the debate will be "Resolved That Machinery is Harmful to Laboring Men." Only 18 members have joined the club. Any others that wish to become members have to make an average of 85 per cent in their English. The officers elected are: President, Warren Wolf, vice president, Irene Hopkins, and Emma Katherine Kurtz was elected secretary and recorder. In the race between Israel Vogel and Adolph Hersberg for secretary, the latter was elected.

It is thought that a debating society will be formed by Mr. Swartz's two classes.

**SATIRICAL SLAMS
HANDED BOARD BY
ITS EX-SECRETARY**

Schooley's Chamber of Com-
merce Minutes a Gem,
Directors Say.

SARCASTIC COMMENTS REJECTED

Perfectly Good Minutes, Will Be Pre-
sented to Prove that George Ber-
nard Shaw Has a Right, but They
Don't Go as Record of Proceedings.

It came to light today that the perfectly good minutes of the last three meetings of the Chamber of Commerce, written in former Secretary E. A. Schooley's finished style and containing barbed-wire comments on the new board of directors, individually or collectively, but principally individually, were turned down at the meeting Wednesday afternoon.

It is said to have taken Secretary John M. Robinson over an hour to read them, and Mr. Schooley many hours to write them. They will be allowed to remain in the minutes books as evidence that George Bernard Shaw is not the only living satirist, but as a full and true account of the proceedings of the sessions the board absolutely refuses to recognize them.

Out of deference of the retiring secretary, the minutes were not exposed to the gaze of the reporters, but the board has not decided that they will not eventually be published. All of the directors admit that they made interesting reading.

Reference to the new board of directors was not made by their real names, it is said. One member was dubbed "The Supreme Court," and another called "The Big Gun," and a third is referred to as "Hank." The humor of these appellations has not appealed to some of the members.

The manner in which the new board was selected is said to have been attacked in sardonic manner the charge being made that several of them were not accredited members when chosen at the annual meeting on December 4.

The minutes state that the board was unanimously elected, and as such will not be mutilated, but preserved for posterity.

INSTITUTE CLOSES

Final Session is Held Today by Teach-
ers of County.

The annual Teachers' Institute of Fayette county came to a close this morning in Uniontown and this afternoon the teachers are returning to their homes for the remainder of the Christmas holidays. The institute was unusually interesting and was pronounced the best ever held. In an address yesterday Representative S. D. Fess of Washington predicted that the United States and Mexico will go to war in the near future. He never recognized the fact that the United States and Mexico have never been at war since 1848. He declared the Mexican situation is the gravest in 50 years.

Dr. Payson Smith gave an interesting address on Education for Citizenship. Dr. Smith declared that it is an experiment whether the people can govern themselves. He spoke at length on the local and state government declaring that the duty of a teacher was to instill into the minds of their pupils their local government situation and the social problems of industrial activities.

CHURCH CHIMNEY ON FIRE

Children Badly Frightened but Fire-
men Find Nothing to Do.

A class of children rehearsing for the Christmas exercises in the Methodist Protestant Church on Apple street early last evening were given a scare when smoke began to issue forth from the cellar in great volume. An alarm was sent in to the fire department but the firemen were not needed.

According to the story of attendants it was not expected that there would be any meetings at the church that night and the fire in the furnace was dampened off. When the children appeared for rehearsal, an effort was made to fire up quickly, and as a result the chimney caught fire.

Fire Chief Haddock calls attention to the fact that these chimney fires can be prevented by burning a quantity of zinc in the furnaces before lighting them for the winter. This will clear the soot and prevent all danger of fire.

DON'T READ THIS, LADIES. It's a Little Christmas Message For Men Only.

You're up against it now, old man. Christmas only a few days off and you don't know what to get for the best wife in the world. You'd rather like a looking that was into that old something, suit—well, you needn't. I'll tell you. Let a woman know what she wants; you know it. If you want to see a smile as wide as her face on Christmas morning, give her money—give it to her in the form of a checking account on that old, reliable institution, the Trust Company. Then she can buy what she wants and experience the delicious thrill incident to writing the first check on her new account. By the way, a savings account is a nice gift for a child. You can open it at "The Trust" with one dollar or for as much as there is in you please.—Adv.

Daughter Is Born. Word has been received here from Bellevue of the arrival of a little daughter on Wednesday night at the home of Mr. and Mrs. F. J. Griffin. Mrs. Griffin was formerly Miss Harriet Whiggenroth of Connelville.

A Dangerous Signal. Heartiness in a child that is subject to croup is a safe sign of an approaching attack. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse and the attack may be ward off. For sale by all dealers.—Adv.

Baby Boys Arrive. A ten pound baby boy arrived at the home of Mr. and Mrs. D. R. Smith of Monaca Wednesday. Mrs. Smith was formerly Miss Audubon Haws of Connelville.

Miss Williams Improved. The conditions of Miss Ethel Williams of Highland avenue, who has been suffering of blood poison and erysipelas, is improving.

VALUE OF RHEUMA

FROM THE COURT

Judge Barhorst was Believed of Rheumatism After Doctors Failed.

If you have tried many other remedies and doctors' treatments for Rheumatism and found they failed, do not be skeptical about trying RHEUMA. I used the medicine of Judge John Barhorst of Fort Loraine, O.

After treatment by three doctors without result, I have been cured of a very bad case of Rheumatism, by using two bottles of RHEUMA. It is now two years since I used the remedy and I am still as well as ever. Previously I was a cripple, walking with crutches.

Such testimony should be convincing. 50 cents of A. A. Clarke guaranteed.—Adv.

BOSS AND BOSS COMBINE

The politicians of the Fayette County School Directors' Convention were in something of a quandary when they passed a resolution demanding the amendment of the school code so that in case of a vacancy in the office of County Superintendent it shall be filled by the person chosen by the executive officers of the directors' association.

When a vacancy recently occurred, the executive officers of the Fayette County directors' association after some division, recommended R. K. Smith as a compromise candidate. The State Superintendent appointed John S. Carroll. In point of fitness it is admitted that this is the best appointment that could have been made. The directors, however, criticized it, but they evidently resent the fact that their recommendation was ignored, even though it was disregarded in the interest of efficiency.

An industrious effort has been made to inject politics into this appointment. If there were any politics in it, however, it is evident that they were good politics. So far as is known, however, the appointment was made by an official whose personal knowledge of the situation needed no further enlightenment. The only apparent politics in the incident are contained in the resolution of the directors' convention.

In this connection, why should the recommendation of a handful of officers of the association rule in the appointment of a county superintendent? Would it not be more democratic and more in keeping with the complaint of the directors if the recommendation was made by the directors in convention?

There's not much difference between a boss and a boss combine.

POLITICS AND PEDAGOGUES

The Fayette County Teachers' Institute has been very successful and very profitable from an educational point of view, but its intent and purpose seems to have been poorly understood by some. Thomas Brooke Fletcher, who declared that "a teacher who buzzard would drop dead if he would fly over the headquarters of a pedagogue."

Teachers' institutes have but one legitimate object, namely, the increased efficiency of the teacher. They are intended to deal with no other topics than those intimately related to pedagogy. It is with this understanding that the state pays a portion of their cost.

The teachers' institute is never a political bazaar. No teacher or instructor who breaks forth in factious politics abuses the confidence of the institute. Thomas Brooke Fletcher should have been reprimanded for his breach of parliamentary etiquette and made to apologize to the institute under penalty of summary expulsion. It does not matter in the least what particular form his political propensities took. He would have been just as much out of order in abusing the Democratic administration or an-athemizing Colonel Roosevelt.

Uniontown's retiring councilmen have formed a Down-and-Out Club, not with the intent of backbiting and hindering their successors, but for the public-spirited purpose of helping them with the public business to the extent at least of giving them the benefit of their experience and knowledge. The members of this club are far from being down and out.

One of the most popular lessons of institute pedagogy this season comes from Washington county, where the teachers have been advised to wear red ties and purple hose on rainy days. Just how much of the hose should be exhibited for the purpose of illuminating a dull day has not been stated.

The Governor of Colorado has been notified by representatives of the striking miners in that state that if he does not recall the troops from the mines he will be the subject of a Recall himself. The Recall is a great thing.

GUARD THE KIDNEYS

Millions Die of Kidney Disease; Tens of Thousands Have It Right Now and Never Suspect It.

The surest and wisest plan to always keep the kidneys healthy and free from poisonous matter that leads to Bright's disease, dropsy and other serious diseases is to take Thompson's Barosma every three months.

It is a harmless vegetable remedy put up in liquid form, is quickly assimilated and gets to the sick kidneys at once. If your kidneys are weak, inflamed or clogged up, Thompson's Barosma will put them in splendid shape again. If they are not diseased, this greatest of all kidney remedies will tone up your system anyway.

Graham & Company Connellsville, and E. A. Lowe & Company, Scottdale, sell Thompson's Barosma for 50 cents and \$1 a bottle on money back plan. If often cures backache, headache, sharp, shooting pains and all kidney, liver or bladder diseases. In conjunction with Barosma always take Thompson's Dandelion and Mandrake Pills (25 cents) when constipation is present. Thompson Medical Co., Titusville, Pa.—Adv.

AT THE THEATRE.
THE SOISSON.

THE GIRL OF THE UNDERWORLD
Plays may come and go with all their hurrying, but "A Girl of the Underworld" will give you more genuine amusement and satisfaction in one evening's entertainment than any other show playing this class of theatre. A grand, big, clean, wonderful hit is what "A Girl of the Underworld" is. The title "A Girl of the Underworld" is strong, forcible and effective; but there is nothing whatever to offend, to cause a blush of shame to anyone. Its author, Jack German, is proud of the 18-son, 11-daughter, 10-brother, 10-sister, 10-daughter and 10-brother cast. This play without having the slightest fear of being offended in any way, "A Girl of the Underworld" will be seen at the Soisson Theatre Christmas, Saturday and night, Thursday, December 12.

THE ARCADE.

"BIG TIME" BILL.
Features that were recognized as "big time acts" have been incorporated into "The Big Time" appearing at the Arcade the last three days of this week. And these with Hal Hoyt, a dashing array of pretty girls, contained in pretty scenes and the many musical successes introduced, make it the best all-around musical production ever produced on the Arcade stage. At least that is the opinion of Manager F. J. Hall and he is considered an authority on vaudeville productions.
Hal Hoyt, the "Jack Kabbler" comedian, is delightfully funny. He is just the character he portrays. That of a happy-go-lucky wanderer out for a good time and gets it. Opposite him is Miss C. Adams as Hans Dinsdale, a Dutchman. Between these two, enough comedy floats over the footlights to cause even a "school marm" to laugh outright.
Miss Anna Klein is all that is said about her—dashing, petite and pretty. While the shades of Hans Dinsdale in the production proper, is not difficult, she acquires herself creditably. Miss Klein has a voice with expression and executes a number of songs that called for success.
One big feature of the production is the interpretation of "The Big Time" by Miss Klein and Gordon Kelly, who plays opposite her in the production. The dance is beautifully executed by these clever stage people and caused considerable favorable comment. Another feature is the picture, the "Model Italia." Last among these is "September Morn."
Miss Leasia Delroy, as "The Red Raven" is to be commended for her interpretation of the title role. Jack Dougal and Fred Tuttle, both have good voices and know how to use them, and last but by no means the least is the "girls-whirl" array in the chorus, composed of eight show girls.
